Dear Potential Sponsor:

The New Jersey Science Convention (NJSC) will be hosting its 42nd annual convention on October 23, 24, 2018 at the Princeton Marriott Forrester in Princeton, NJ. Over the past 41 years, NJSC has offered an opportunity for K-12 science teachers to experience interactive and hands on professional development focusing on implementation of Next Generation Science Standards (NGSS), effective classroom instruction, integration of technology, and the latest information on classroom resources. This year, we anticipate more than 160 presentations and 1000 attendees over the two days. The New Jersey Science Convention is the only local science based professional development opportunity for NJ K-12 classroom teachers.

NJSC 2018 represents an exceptional opportunity to put your company's brand in front of New Jersey science educators and administrators. By becoming one of our sponsors of convention activities, you have the chance to reach a uniquely targeted audience from school districts throughout the state. Along with your sponsorship, we will recognize your contribution throughout the event in prominent displays and on our website. We would love to have your support this year as a sponsor.

There are several levels of support and exhibitor information detailed on our website (njscienceconvention.org). Whether you come to the convention and set up an exhibit, just help out with a sponsorship, or both, we at NJSC greatly appreciate your support!

If you have any questions please contact either of the Executive Co-Chairs.

Sincerely,

Lisa Doyle (drkdoyle@hotmail.com)
