Dear Potential Sponsor:

The New Jersey Science Convention (NJSC) will be hosting its 44th annual convention on October 20, 21, 2020 at the Princeton Marriott Forrester in Princeton, NJ. Over the past 43 years, NJSC has offered an opportunity for K-12 science teachers to experience interactive and hands on professional development focusing on implementation of Next Generation Science Standards (NGSS/NJSLS-S), effective classroom instruction, integration of technology, and the latest information on classroom resources. This year, we anticipate more than 170 presentations and 1000 attendees over the two days. The New Jersey Science Convention is the only local science based professional development opportunity for NJ K-12 classroom teachers.

NJSC 2020 represents an exceptional opportunity to put your company's brand in front of New Jersey science educators and administrators. By becoming one of our sponsors or donors of convention activities, you have the chance to reach a uniquely targeted audience from school districts throughout the state. Along with your sponsorship, we will recognize your contribution throughout the event in prominent displays and on our website. We would love to have your support this year as a sponsor or donor.

There are several levels of support and exhibitor information detailed on our website (njscienceconvention.org). Whether you come to the convention and set up an exhibit, just help out with a sponsorship, or both, we at NJSC greatly appreciate your support!

If you have any questions, please contact either of the Executive Co-Chairs.

Sincerely,

Lisa Doyle (ldoyle@njscienceconvention.org)

Lola Szobota (lszobota@njscienceconvention.org)
